

HIS FIRST PENSION CHECK under the revised Union Carbide Corporation Pension Plan is received by John F. Colbert, left, a retired Y-12 carpenter foreman, from J. W. Ebert, Superintendent of the Maintenance Division.

John F. Colbert Is Third Retired Y-12er To Begin Receiving UCC Pension Checks

Former Carpenter Foreman Qualified For Benefits Under New Provisions; Ebert Makes Presentation

The third retired Y-12 employee to begin receiving benefits under the revised Union Carbide Corporation Pension Plan is John F. Colbert, former carpenter foreman in Buildings and Grounds, who received his first pension benefit check on Tuesday, June 4, from Maintenance Division Superintendent J. W. Ebert. Colbert retired as a Y-12 employee on April 30 after almost 13 years of Company Service.

CREAMED SAUCES FEATURE SPECIAL LUNCHES ENTREES

Y-12 Cafeteria patrons of the 50-cent Special Lunches who like creamed sauces will be interested in the main dishes for the popular snacks to be served tomorrow, Thursday, June 13, and next Tuesday, June 18. For tomorrow creamed turkey on toast will be the entree while next Tuesday ham croquettes with parsley cream sauce will be served. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Traveling X-Ray Unit Sets Return Visit Next Week

To accommodate any Y-12ers and others who wish to take advantage of the service, the traveling X-ray unit for free chest examinations operated by the State Department of Public Health will make another visit to the city of Oak Ridge next week, Thursday and Friday, June 20 and 21. The examinations are given with the cooperation of the Oak Ridge Health Department and the Oak Ridge Tuberculosis Association in a move to track down any possible tuberculosis cases before they get a good start.

In visits last month, the X-Ray unit gave a total of 4,648 free examinations to Oak Ridgers checking on their health.

Naval Research Scientist To Talk At Seminar Meet

Walter W. Wada, of the United States Naval Research Laboratory in Washington, D. C., will speak at a meeting of the Oak Ridge Physics Seminar on Friday of this week, June 14. The meeting will be at 4 o'clock in Room 18, Oak Ridge Institute of Nuclear Studies Training Building on Administration. The subject of discussion will be "An Application of the Brueckner Many Body Theory to Nuclear Matter." All Y-12 technical and scientific personnel interested in the subject are invited to attend.

Ridge Chorus Invites Y-12 Singers To Attend Meets

In previous years many Y-12ers have been active members of the Oak Ridge Chorus and the organization extends a hearty invitation to any employees who would like to join the group to report at the weekly meetings at 7:30 o'clock every Monday night at the Oak Ridge School of Music on Outer Drive. Informal reading rehearsals are held at each of these meetings in preparation for next season's concert material.

Concerts next year will include music by Gershwin and other contemporary composers in the fall, Christmas music and a spring presentation of Bach's magnificent B Minor Mass.

Elks Annual Impressive Flag Day Program To Be Presented Friday Night At Midtown

The annual impressive Flag Day program will be presented at 7:45 o'clock Friday night of this week, June 14, at the Midtown Softball Park under sponsorship of the Elks Lodge, No. 1684, of Oak Ridge. The customary Elks ritual, including the parade of historical flags of the nation and the erection on the altar of the Floral Bell of Liberty, reading of a tribute to the flag of the United States and a fireworks display will be offered the program—which will be duplicated throughout the nation by 1,800 Elks lodges to mark a half-century of observance of Flag Day by the organization.

R. R. Tippy, of the Y-12 Finance and Materials Division, is Exalted Ruler of the Elks Lodge of Oak Ridge and has appointed George E.

Stubbs as chairman of the Flag Day program committee. Other members of this committee are C. T. Vettle and D. C. Jamieson.

Exalted Ruler Tippy has appealed for community-wide participation in the annual Elks "show your colors" campaign. He asks that all houses display the flag property from dawn to dusk

in honor of the 180th anniversary of the adoption of the Stars and Stripes as the official flag of the nation by the Continental Congress in Philadelphia on June 14, 1777. He also has asked that all civic, fraternal and patriotic groups in and around Oak Ridge urge their members to fly Old Glory on its birthday "in public tribute to the symbol of this land of freedom we hold so dear and to rededicate the cherished tradition of self-government that it represents."

The Midtown Softball Park stands are expected to be packed for the program Friday night as the public is invited and urged to attend the impressive services and see the fireworks display that will conclude the activities.

Early Requests Urged For Educational Aid

Summer Courses Ready For Eligible Y-12ers

Eligible Y-12ers wishing to apply for financial aid under the Union Carbide Nuclear Company Educational Assistance Plan for summer school courses are urged to submit their applications immediately so that they may enroll at an early date. To be eligible for such financial assistance, a Y-12er must be a salaried employee with more than six months of Company Service.

Apply Through Training

Applications for educational assistance should be made through the Training Department. Ralph Pearson, of that department, is coordinating the program for Y-12ers and may be reached at the Training Department, Bldg. 9704-2, plant telephone 7751. He can give full information on the assistance plan and courses offered. The courses selected must be such as to be of help to the employee on his present job or to help him gain a better job with the Company.

The University of Tennessee Night School is offering English 112-E and English 212-E beginning July 15 and Engineering Problems 123-E, beginning the same date. Starting on August 19 the same two English classes will be offered with registration being held at the first class meeting in the Oak Ridge High School.

The Oak Ridge Adult Educational Program also is offering a wide variety of courses in night classes with registration extending through Friday, June 14, and classes running until August 2.

Four Y-12ers Promoted Effective On June 1

Maintenance and Alloy Division Men Advance

Four promotions for Y-12ers to supervisory positions, effective June 1, were announced last week. Two Maintenance Division men were promoted to foreman and two Alloy Division employees were made assistant foremen.

In the Maintenance Division, Coy L. Crawley, of Electrical Maintenance, was elevated from the rank of electrician to foreman. He has been a Y-12er since November 15, 1951. Charles T. Haun, of Buildings and Grounds, also in the Maintenance Division, was promoted from carpenter to foreman. He was employed in Y-12 on March 18, 1951.

In the Alloy Division, Chester R. Rea, Jr., a chemical operator in Alpha Five Cascade, was advanced to assistant foreman. Grady N. Bennett, of the same department in the same division, was given the same assistant foreman rank from his old job of engineering aide. Rea has been a Y-12er since August 10, 1953, and Bennett came to work on April 27, 1953.

LIFE IN THE OLD GIRL

With the 24 female contestants behind a curtain in an ankle judging contest in England, a recent newspaper story declares, the winner of the prettiest was revealed as an 81-year-old matron.

Civil Defense Plans Of UCNC Are Praised

Benninghoff Says Aims Being Reached

Picture On Page Four

Union Carbide Nuclear Company's civil defense plans are well formulated and are ahead of those of many industries in the country, according to H. N. Benninghoff, Y-12 Relief Shift Superintendent, who represented the Company at the Federal Civil Defense Administration staff college meeting in Battle Creek, Mich., May 20-24. The industry defense course at the meeting was attended by representatives of leading industrial firms from all over the United States, and one from England. Most Objectives Reached

Benninghoff received his impression of UCNC readiness after discussions with other delegates to the meeting and hearing FCDA plans outlined. The Y-12er said that the Company's organization for action within plants and evacuation routes in case of emergency is in accordance with FCDA requirements and that the UCNC overall program includes 80 per cent of all FCDA objectives for industry.

The Battle Creek meeting was attended by 37 representatives of industry, FCDA, Atomic Energy Commission and Army officials. The program was presented under supervision of Virgil L. Couch, director of the industry office of the FCDA.

Headquarters of the FCDA now are in Battle Creek, occupying an imposing building formerly housing the famous Battle Creek Sanitarium. The headquarters were moved from Washington, D. C., a critical target area, in a move to increase the chances that the FCDA would still be able to operate in the event of enemy attack.

Guard Anti-Aircraft Unit Now In Summer Training

The first of several Tennessee National Guard and U. S. Reserve units in Oak Ridge to go on their annual summer training encampments will be the 114th Anti-Aircraft Battery D, TNG. This outfit now is stationed at Camp Stewart, Ga., near Savannah, from June 9 to 23. It has about 10 Y-12ers on its roster, who will get military leave for the training period.

PERSONALITY PICTURES of youngsters again rated the first two places in the Weekly Y-12 Photographic Contest for the week ending June 7. At top is the first prize entry of Carl G. Brewster, Medical, of his son, Bradford, 3, playing with his new helicopters given him at Easter. The bottom picture is by T. H. Barton, Jr., Production Analysis, winning second prize and showing his daughter enjoying her new rocking chair.

Get-well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

A. E. Allen and R. L. McKinney, Mechanical; J. C. Price and E. J. Panter, Research Services; George J. McNamee, Cafeteria; C. S. McMurray and J. R. Day, Sr., Development Operations; K. D. Thompson, Alpha Four Cascade; Gus Craig, P. L. Patrick and M. T. Johnston, Buildings and Grounds; Roscoe Carter, General Machine Shop; Cleveland Cannon, Janitors.

D Shift To Hold Picnic At Big Ridge Thursday

Beautiful Big Ridge State Park will be the scene of the first Y-12 shift picnic of the season tomorrow, Thursday, June 13, when employees on the D Shift and members of their family will enjoy an all-day outing. Festivities will begin at 10 a.m. and all families are asked to bring their own food, with drinks to be provided by the Shift Recreation Committee.

The usual picnic entertainment will be offered with games and contests for all ages of guests, including boating, swimming, softball, badminton, horseback and other sports. During the day drawings will be made for an electric skillet and a Coleman lantern. Ticket holders must be present at 10 a.m. to win.

Special Tribute Is Due All Pops, Grandpops With Observance Of Father's Day On June 16

Now that appropriate and highly deserved tributes have been paid to mothers of the world on Mother's Day—the time will come on Sunday, June 16, to bestow equal accolades on fathers with the annual observance of Father's Day. On that day Grandpas also will be honored under a program advanced by the National Father's Day Committee that is citing responsibilities of both families and fathers—not only on Father's Day, but throughout the year.

Of course, all Dads like to have special attention—including a special Father's Day dinner. So here's a suggested menu. Serve soup, chicken and all the trimmings, cranberry sauce, ice cream and cake. His family members should wear a red rose to honor him—and if a father is passed on, a white rose would be worn in his memory.

The NFDC has proclaimed blue as the official color for Father's Day—and that hue could be used in selecting gifts such as shirts, haberdashery and other items.

The idea of observing Father's Day seems to have originated in

1909 with a Seattle, Wash., woman, Mrs. J. B. Dodd, suggesting it be observed on the third Sunday in June. Her own family had successfully raised a family of children after the death of her

mother and her thought of honoring all fathers was in tribute to his memory.

Among the many tributes to fathers is this apt description of a Dad:

"Fathers grow faster than other people. They stand beside the train and wave goodbye to the boy or girl climbing aboard. Fathers watch mothers cry openly—but they stand there and beam—and die inside. Fathers go to work every day, fighting the battle of life. They are thankful when they keep even, worried when they never quite win, but never give up. Knights in shining armour—fathers in shining trousers."

So let's allow Dad to sleep late Sunday, give him the whole Sunday paper and make a general fuss over him—and without the idea that "the old man might as well be humored today—tomorrow's another day."

Dad's Day should just be a reminder that integrity in family relations should prevail every day of the year.

MAINTENANCE

It shouldn't have happened to a dawg—let alone the sterling array of reporters for this colyum from the Maintenance Division—it was the mistaken headline over the division news last week which purported that the chit-chat came from the "Mechanical" Division, of which there ain't no sich ani-male, instead of "Maintenance." So, after standing in bed for a couple of days doing penance, the Colyum Conductor humbly asks forgiveness for the blooper—and gets off on another running start with hopes of winning just once.

Down in Process Maintenance 'tis reported that C. W. Wampler will be building and flying model planes with his son in North Carolina while vacationing and also plans to do some uranium prospecting with a former Y-12er, E. C. Brewer . . . H. R. Mantooth is visiting kin folks in Florida . . . B. T. Fox is trying out the fishing around Morristown . . . H. T. Spires is checking on how the tall corn is growing in Illinois . . . Visiting parents in Alabama and a trip to Florida is occupying the time of A. L. Rainwater . . . A. M. Kirksey also is calling on his parents in Alabama and Chattanooga and then will go to a family reunion in Lafayette, Ga., where he says there is sure to be lots of Southern fried chicken . . . J. K. Bush will be found in Dickson, Tenn., and Indianapolis . . . House painting will be the vacation pastimes of D. C. Lambert and O. C. Lee, with the latter taking time out for a trip to Chattanooga . . . Condolences are extended C. M. Smith, whose grandfather died recently . . . Get-well wishes to W. Dossett, on the sick list, and to the father of M. T. Mustard, injured in a crane accident June 3 in Virginia.

Maintenance Planning extends sympathy to Gordon Fielden and family over the death of his step-mother in Knoxville . . . Sarah Corum and her husband, Cecil, are visiting her sister in Dayton, Ohio, this week . . . Get-well wishes to the mother of Edna Tyler, critically ill in Baptist Hospital, Knoxville.

Arthur Ogden, Buildings and Grounds, is happily awaiting the arrival Saturday of his son, First Lieut. Charles H. Ogden, and family for a visit. The lieutenant is stationed with the Medical Corps, U.S.A., at Ft. Banks, Mass., and after the visit here is scheduled to sail for Germany July 8 for a three-year tour of duty.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

The Steam plant extends condolences to J. H. Martinez, whose mother died June 3 in Englewood, Fla. . . Likewise to R. E. Ballew, whose grandmother recently succumbed . . . W. M. Simpson plans to do some vacation angling this week.

C. H. Jarvis, General Utilities, is doing some work around his Oak Ridge home this week as a vacation stint . . . Walter Sweeten is doing likewise and hopes to catch up on his gardening . . . Jackie Ford spent the past week end in Johnson City . . . W. S. Everett's son, a lieutenant in the Army at Ft. Benning, Ga., was a family visitor recently.

Relief Shift Superintendent H. N. Benninghoff plans a Florida vacation—probably around St. Petersburg . . . Big Boss Uncle Dan Rader has been entertaining his mother and sister from West Virginia.

MECHANICAL OPERATIONS

John Isabel, A Mechanical Operations, vacationed around Norris Lake and S. R. Anderson went to Spartanburg, S. C.

B Mechanical Operations reports that B. M. Kent has gone to St. Petersburg, Fla., sunshine seeking . . . H. E. Dake and John Neeley also are in the Land Of The Itching Palm . . . Ben Parteka is camping out in Blue Springs this week . . . F. A. Stewart took in the sights of Old Kaintuck, H. F. Harris was looking over New York City and E. J. Holt was in Cleveland, Ohio, last week . . . L. E. Abrams was a recent week ender in Mobile, Ala. . . W. A. Norman and C. Allen were homebodies in Oak Ridge last week . . . W. C. Gordon was warmly welcomed back to work last week after an extended illness.

Lyle Lankford, C Mechanical Operations, is all set for cool evenings at home in Burchfield Heights in that new patio he has added to his home . . . L. G. Cotter was a Knoxville vacationer and O. A. Moore is planning to rest up in Maynardville . . . A speedy recovery is wished Bill McGregor's mother-in-law, seriously ill in Ohio . . . Sympathy also is extended C. A. Rinderer, whose mother-in-law died recently in Greenville, Ill.

Chester Estes, D Mechanical Operations, has his mother from Houstonville, Ky., as a visitor . . . J. A. Whitten is entertaining his parents from Birmingham . . . Va-

cationers include D. E. Plemens, who will attend his daughter's wedding . . . H. Ramsey is visiting relatives in California . . . J. F. Trent went to the Smokies . . . L. H. Smith took off for Florida . . . K. J. Scholz is with kin folks in Ohio . . . J. W. Rolston also has been with relatives in the Buckeye State and got in some golf while there . . . C. V. Redding has his son, Jack, and family, from Muskegon, Mich., as recent visitors in Clinton.

F Mechanical Operations rolled out the welcome mat last week for Marian Luallen, newcomer to the group . . . N. J. Roberts and family are getting tanned at Myrtle Beach, S. C. . . Willie Crowe is vacationing in the wide open spaces 'way out thar 'bout Utah . . . W. P. Smith is just taking it easy at home outside of Knoxville . . . M. Patterson says his new home is finished and he is moving in and Carl Jenkins is putting a new porch on his Kingston home . . . H. D. Keylon is studying up on the job of mayoring at home in Midtown.

G Mechanical Operations welcomed R. T. Lovell, C. A. Slaughter and J. V. Bolinger to the premises last week . . . E. C. Stinnett vacationed in Alabama and Oak Ridge.

INDUSTRIAL RELATIONS

Alice Mattingly, Medical, is vacationing in Florida with her family . . . Sue Van Dusen will have best wishes of lots of friends in Y-12 when she leaves the nursing services Friday, June 14, to become a home maker.

Floyd Shook, the horseman of the Safety Department, is visiting his daughter and new granddaughter in Whiting, Ind. . . Molly Hatfield is back from a vacation trip to Detroit and points North.

Get-well wishes are sent Fes Lowry, Plant Protection, who is ill at home—fine ending to a vacation fishing trip.

Gwen North, of Security, and her husband, Byron, of Piping and Civil Engineering, have launched their new yacht on Norris Lake and have settled down to move into their new home in the Woodland section of Oak Ridge . . . J. M. "Jiggs" Seivers and family have moved into their new home in Westbury Heights, Clinton . . . Jack Fisher made a quick week-end trip to St. Petersburg recently.

Judy Reeves, Personnel Records,

Miss Imogene Lowe

LOWE-PATRICK

Announced recently by parents of the bride-elect is the engagement and approaching marriage of Miss Imogene Lowe, of the Y-12 Wage Standards Department, to Arville Hugh Patrick, of Knoxville. The vows will be exchanged at 4:30 o'clock Saturday afternoon, June 22, at the Bookwalter Evangelical United Brethren Church, Old Central Ave. Pike, Knox County, with the Rev. C. W. Hatfield, pastor, officiating.

Miss Lowe is the daughter of Mrs. Victor Lowe, 4607 Tillery Road, Knoxville. Parents of the groom-elect are Mr. and Mrs. A. L. Patrick, 2804 Dayton St., Knoxville.

The bride will be given in marriage by her uncle, T. L. Loveday, of Morristown, Tenn. Mrs. C. A. Selvidge, of Chattanooga, sister of the bride-elect, will be matron of honor. The father of the groom-elect will be best man and ushers will be James S. Gaines, Jimmy Bolinger and Paul Levy, all of Knoxville.

Miss Lowe attended Central High School, Knoxville; and Patrick received his schooling at Rule High School and the University of Tennessee. He is connected with the Tennessee Armature and Electric Co., Knoxville.

is vacationing this week at her old home in Centerville, Tenn.

Loren Lawhorn, Wage Standards, and the missus are vacationing in Nashville to visit old college friends.

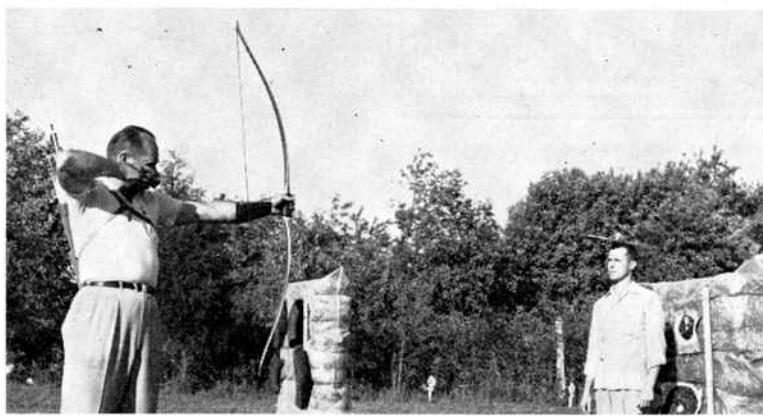

Verna Peckman, Cafeteria, and her husband, Paddy, Buildings and Grounds, have gone out of the mule business and are vacationing in McKeesport, Pa. . . Evelyn "Fiz" Tucker can be found somewhere in Florida this week . . . Madeline Tackett has Betty Scarborough, of Deritter, La., as guest.

Guard Department Lieut. C. S. Waldrup is vacationing at his home on Tillery Road, Knoxville, getting acquainted with his second adopted child, Paul, seven months old. The Waldrups have an adopted daughter, Betty, seven years old . . . Lieut. R. G. Perkins was in Wartburg last week starting construction on his new home . . . Capt. Pat Dabbs, Ray Ledford and M. L. Woodard are busy boys what with construction, additions and what not on their various homes . . . H. J. Ballew is visiting relatives in Georgia for three weeks.

FINANCE AND MATERIALS

Tabulating Services reports Regina Camp vacationing in Rapid City, S. D. . . Elizabeth Wilson week ended recently in Atlanta, Ga., and L. T. Carden spent a week end in Bristol, Tenn., with his mother and brother to visit some friends . . . Virginia Swanner is back from a visit with her father in Athens, Ala., and Betsy Diggs from a vacation at home in

Continued on Page 4

ARCHERY NOT ONLY PROVIDES LOTS OF FUN but gives itself to attractive pictures, as shown above and left. At left, L. R. Brooks, Electrical Brooks, Electrical Maintenance, emulates the bowman who "fired his arrow into the air, where it fell, he knew not where." Above, a modern "William Tell" act is staged with R. J. Hardy, Production Inspection, piercing an "apple" on the head of "son" D. C. Martin, also of Electrical Maintenance.

Reactors Get 10-9 Win Over Bombers To Take Loop Lead

Puddles at Pinewood Park last week caused postponement of all but one game in the Y-12 Softball League, but that one was a ring-tailed snorter that saw the Reactors blast the B Bombers by 10 to 9 to take over undisputed possession of first place from the losers.

The Reactors blew a 4-to-1 lead in the fourth inning and then saw the Bombers go ahead in the top of the seventh when four runs trickled across the plate. Then the Reactors got their win the hard way, scoring twice themselves in the final session.

Jiggs Seivers led the victors with the stick, banging four for five. Roe had three for five. Lee, Grubb and Castleberry paced the Bombers at bat.

Score by innings:

| Team | B | O | R | H | E |
|-----------|---|----|---|---|----|
| B Bombers | 0 | 10 | 4 | 9 | 10 |
| Reactors | 3 | 0 | 4 | 2 | 10 |

Batteries: B Bombers, Burnett and Shotts. Reactors, Chandler and Smith.

| Team | W | L |
|-------------|---|---|
| Reactors | 8 | 2 |
| B Bombers | 8 | 2 |
| Wildcats | 7 | 2 |
| Rebels | 7 | 2 |
| Cubs | 7 | 2 |
| Early Birds | 2 | 6 |
| D Shift | 2 | 7 |
| Screwballs | 2 | 8 |

Rides Wanted, Offered

Ride wanted from 103 Trevoise Lane, Oak Ridge, to North or Central Portal, straight day. Cordelia Bledsoe, plant phone 7357, home phone 5-4118, Oak Ridge.

Ride wanted from Lenoir City to West Portal, straight day. J. H. Burrow, plant phone 7708, home phone 290-W3, Lenoir City.

Ride wanted from vicinity Browning Ave., West Knoxville, to West Portal, straight day. F. S. Bowman, plant phone 7-8389, home phone 3-1727, Knoxville.

Rider wanted from Washington Pike, Whittle Springs or Inskip Areas, Knox County, to East or Central Portal, straight day. W. L. McCormick, plant phone 7302, home phone 2-5207, Knoxville.

Ride wanted from 776 West Outer Drive, Oak Ridge, to Central Portal, straight day. Milo Ward, plant phone 7360, home phone 5-5803, Oak Ridge.

Riders wanted from LaFollette to any portal, straight day. Clyde Russell, plant phone 7946, home phone 1218, LaFollette.

Ride wanted from 1416 Coker Ave., Knoxville, to East or North Portal, straight day. Flora Lewis, plant phone 7744, home phone 5-3607, Knoxville.

A slip or a trip can break a hip! Overwaxed floors and skidding scatter rugs can flip you right into a hospital bed. That's why the National Safety Council says check and eliminate all fall hazards.

Emlet-Hines Take Lead In Ridge League; Six Whitewash Wins Mark Play Last Week

A rash of five six-point whitewash victories marked play in the Y-12 Plant Golf League at Oak Ridge last Thursday and when the muddy divots stopped falling the league standing had undergone a major upheaval. The Logan Emlet-Art Hines team had jumped from third to first place and the previous loop leaders of Bartholomew and Smith had tumbled all the way down to sixth place.

Emlet-Hines reached their lofty perch by blanking the Thomson-Dehoney pair. Other whitewash wins were turned in by Stroud-Tiller over Orrison-Harris, Holz-knecht-Peckman over Bartholomew-Smith, Boyd-Oliphant over Ratjen-Snyder and Peterson-Brown over Gilcrease-Kahley. Pletz-Roberts took four points from McLendon-Underwood and the Mitchel-Tibbatts versus Speas-Cabe tilt was postponed until the week end.

The high scratch and handicap scorers for last week's play were Paddy Peckman 39-33, John Boyd 40-34, Arnold Tiller 38-35, Jay Holz-knecht 42-35, Jim Bartholomew 41-36 and George Oliphant 44-36.

League standing follows:

| Team | W | L |
|---------------------|-----|-----|
| Emlet-Hines | 30 | 12 |
| Orrison-Harris | 28 | 14 |
| Stroud-Tiller | 27 | 15 |
| Holz-knecht-Peckman | 25 | 17 |
| Mitchel-Tibbatts | 20 | 16 |
| Bartholomew-Smith | 22½ | 19½ |
| Boyd-Oliphant | 22 | 20 |
| Peterson-Brown | 21 | 21 |
| Speas-Cabe | 18 | 18 |
| Thomson-Dehoney | 20 | 22 |
| Ratjen-Snyder | 17½ | 24½ |
| McLendon-Underwood | 16 | 26 |
| Pletz-Roberts | 16 | 26 |
| Gilcrease-Kahley | 5 | 37 |

Harriman League Lead Is Slashed

The Martin-Isham team and the Belvin-Hopkins duo turned in victories to threaten the lead of the idle Ellis-Anglin combine in the Harriman Golf League for Union Carbide Nuclear Company employees during the week ending June 2. The teams were all close together in the won column, but the loop leaders had the advantage in the loss column.

| Team | W | L |
|----------------|-----|-----|
| Ellis-Anglin | 10½ | 1½ |
| Martin-Isham | 10½ | 5½ |
| Belvin-Hopkins | 10 | 10 |
| Cuneo-Thomas | 8 | 8 |
| Kahley-Ruthven | 6½ | 5½ |
| Mackey-Hamill | 5½ | 10½ |
| McConkey-Raper | 5 | 15 |

"A lazy man likes to think that it is just his way of conserving energy."

LEADING THE LEAGUE in the Oak Ridge loop for Y-12 golfers is the team of Logan Emlet and Art Hines, pictured above, left to right.

Knoxville League Lead Still Tied

The Leach-Hilton team climbed to a deadlock for first place in the Whittle Springs Golf League for Y-12 golfers in Knoxville during the week ending May 25, sharing honors with Emery-Perry, which pair also held a tie for the top in the previous week's play. Competition was brisk all along the line in the first two weeks of action.

Bowles had the top scratch score for the week ending May 25 with 39 and Kovach the best handicap tally at 33. The Bowles-Hackett combine had the best team scores of 87 scratch and 70 with handicap.

| Team | W | L |
|-------------------|----|----|
| Emery-Perry | 6½ | 2½ |
| Leach-Hilton | 6½ | 2½ |
| Kovach-Breman | 6 | 3 |
| Sawyer-Loy | 5½ | 3½ |
| Bowles-Hackett | 5½ | 3½ |
| Schappel-Schappel | 5 | 4 |
| Cook-Trountman | 3½ | 5½ |
| Huskisson-Wilburn | 3 | 6 |
| Peterson-Lockhart | 2 | 7 |
| Stein-Galle | 1½ | 7½ |

Tennis Leaders Repel Challengers

Competition got under way last week in the Y-12 tennis ladder for men's doubles and mixed doubles with three matches being played. In the men's doubles, Bill Hackett and Frank Ballenger, No. 2 team in men's doubles, repulsed the challenge of W. T. Henry and J. R. Sheehan, No. 4 team, by 6-1, 6-0, each pair retaining their positions. Team No. 8 of Hugh Caudill and A. M. Stephens upset No. 6 ranked John Gregory and John Nicely by 6-2, 4-6, 6-3, with the teams swapping places on the ladder. In the women's doubles play, the standings remained the same with the No. 1 team of Nell McGinnis and Bill Harper turning back the challenge of Helen Gombita and Mike Laggis, the No. 2 combine, 6-2, 6-4.

Biggest Entry List—Biggest Fish Listed In First Y-12 Fishing Rodeo Of 1957

63 Anglers Competed In Event That Closed June 2; Second Competition Of Year Will Open June 15

The biggest entry list and the biggest fish ever reported in a Y-12 Fishing Rodeo were revealed last Wednesday, June 5, when judges checked returns from the first angling rodeo of the 1957 season. The rodeo opened March 16 and closed June 2, running about 10 weeks. The rodeo drew 63 entries, a new record for such events by Y-12 fishermen; and some real finny monsters were taken by the contestants to win the rods and reels and gasoline stoves presented by the Y-12 Recreation Department.

To keep interest in the sport alive—if any such move is needed—the second Y-12 Fishing Rodeo of the year is scheduled to get underway at 12.01 a.m. on Saturday of this week, June 15. It will run all summer, closing at midnight on Monday, September 2, which is Labor Day.

Judges Amazed At Catches

Judges for the first fishing rodeo were well known fishermen and authorities on outdoor sports—Avery Kendig, Buildings and Grounds; Evan Means, Research Services; and W. E. Davis, Security. They expressed amazement over some of the big catches reported, some of which are record or near-record breakers for this section of the country.

The biggest fish caught in the rodeo was a nine-pound bass yanked out of Norris Lake by A. D. Leach, Alpha Four Cascade. Another giant specimen was a six-pound sauger pike caught by G. W. Ballew, Colex Auxiliary Operations; as was a two-pound, 14-ounce crappie landed by H. M. Monday, General Machine Shop. Other highlights of the rodeo were a tie for best bream with 13-ounce fish being cited by Frank Blair, Process Maintenance; and Marvin Shanks, Alpha Four Cascade. Then it also is appropriate that a prize was won by a man named Bass—Paul Bass, Jr., SS Control—who came in second in the trout class.

Rules Remain Same

Rules for the new rodeo are the same as in the previous events. Fish must be caught on rod or line in Tennessee waters and entries must be certified by a dock operator or other disinterested witness. Eligible species are largemouth, smallmouth and striped bass; walleye and sauger pike; crappie, trout, and bream.

Entry blanks for the rodeo getting under way Saturday may be obtained from members of shift recreation committees or from the Recreation Office, Room 226, Bldg. 9704-2. All Y-12 anglers are urged to keep a supply of the forms on hand, as well as entry blanks for the 1957 Annual Fishing Contest that runs until December 31. Eligible species of fish may be entered in both contests.

Prize winners in the first fishing rodeo follow:

LARGEMOUTH BASS
A. D. Leach, Alpha Four Cascade, nine pounds. Harry Haun, Buildings and Grounds, eight pounds.

SMALLMOUTH BASS
J. W. Graves, Alpha Four Cascade, four pounds, two ounces. W. T. Mitchell, Research Services, three pounds, 13 ounces.

STRIPED BASS
Aaron B. Harber, Colex Auxiliary, three pounds, 10½ ounces. Fred Leon, Mechanical, three pounds, four ounces.

CRAPPIE
H. M. Monday, General Machine Shop, two pounds, 14 ounces. M. H. Huskey, Alpha Five Cascade, two pounds, eight ounces.

BREAM
Frank J. Blair, Process Maintenance; and Marvin Sparks, Alpha Four Cascade; tied for first place, 13 ounces. H. B. Oliver, A Mechanical Operations, nine and one-quarter ounces.

WALLEYE PIKE
J. C. Booher, Guard, seven pounds. R. P. George, Electrical Engineering, five pounds, 12 ounces.

SAUGER PIKE
G. W. Ballew, Colex Auxiliary Operations, six pounds. J. B. Shepard, Alpha Four Cascade, three pounds, four ounces.

TROUT
T. E. Hillard, Reproduction, one pound, 11 ounces. Paul Bass, Jr., SS Control, one pound, one ounce.

LIFE INSURANCE GROWS

More Americans have life insurance policies now than ever before. Also there is a record paid out in survivor benefits, about \$100,000,000 per week.

THIS WHOPPER of a walleye pike so far is the fish to beat in its class in the Y-12 Annual Fishing Contest. It was caught from Norris Lake by J. C. Booher, of the Guard Department, using a shyster lure. The lunker took first prize in its class in the first Y-12 Fishing Rodeo of the season.

Marksmen Leading Y-12 Pistol Loop

The Marksmen team of the Y-12 Pistol League took over undisputed possession of first place in the loop last week by winning both scratch and handicap firing from the Experts. In posting the win the Marksmen had 488 scratch and 574.555 handicaps. The Masters split with the Sharpshooters to hold second place, the Masters winning in handicap scoring by 571.759 to 568.998 while the Sharpshooters registered a 487 to 448 scratch triumph.

New members already have been signed for the summer season of the league, but more shooters are urged to come out for the popular sport of target shooting. Any Y-12er interested in taking part in the sport is asked to communicate with Carl G. Brewster, Medical Department, plant telephone 7554, or to come out to the Oak Ridge Sportsmen's Association range at 6 o'clock tomorrow night, Thursday, June 13, for the next matches. Target pistols may be borrowed from team members, targets are provided free and the only expense is for ammunition.

League standing follows:

| Team | W | L |
|---------------|---|---|
| Marksmen | 4 | 0 |
| Masters | 3 | 1 |
| Sharpshooters | 1 | 3 |
| Experts | 0 | 4 |

Later Opening Set For June 22 Event

A later opening hour for tee-off time has been established for the third Y-12 Plant Golf Tournament of the season, to be held on Saturday, June 22, at the Oak Ridge Golf and Country Club. Contestants will not be required to start their first round of play before 8 a.m., instead of 7 a.m., as previously, while the last foursomes should be underway not later than 10 a.m.

Green fees for this tournament will be \$3 per player. Handicaps will be based on previous tournament play and will be issued by the official scorer on the morning of the tournament. As in previous tournaments players will be divided into three divisions, depending on handicaps, and a total of 27 prizes of varied number of golf balls will be awarded winners in various categories.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

James S. Kerns, Research Services, June 13.
Luther A. Walton, Buildings and Grounds, June 16.
John D. Jackson, Buildings and Grounds, June 16.
Ernest L. Bentley, Safety, June 16.
Stewart Hatcher, Buildings and Grounds, June 16.
Hugh F. Akin, Project Engineering, June 17.
Forrest E. McKeethan, General Machine Shop, June 18.
William T. Luffman, B Mechanical Operations, June 18.
Derry Lowe, Laundry, June 18.
Luther M. Adams, General Utilities, June 18.

Y-12er Awarded Law Degree From LaSalle University

John L. Brown, a foreman in the F Mechanical Operations Department, has been awarded an LL.B. degree by the LaSalle Extension University, Chicago, Ill. His law degree from the correspondence institution was received

Son Of Y-12 Man Gets Commission In U.S. Air Force

Roland Eugene Gardner, son of H. C. Gardner of the Y-12 Mechanical Department of the Maintenance Division, has been commissioned a second lieutenant in the United States Air Force. The new officer reported at Lackland Air Force Base, San Antonio, Tex., on June 10 for active duty.

Gene Gardner

Gene Gardner graduated from Oak Ridge High School in 1952 and received a B.S. Degree in Business Administration from the University of Tennessee in March of this year. Both at ORHS and U-T he was active in sports, principally in basketball and track.

The Gardners are former residents of Hawkins County, Tenn.

last month. He finished the course in his spare time.

Brown is manager of the Rebel team in the Y-12 Plant Softball League and was an all conference basketball player at Harlan, Ky., High School, his home town.

Families Should Know How To Reach Y-12ers On Job; Also To Report To Plant

For the convenience of members of families of Y-12ers who feel need of communicating with the employee in cases of emergencies, the office of the Plant Shift Superintendent suggests that the family members have full information on how to reach the employee while he is working in the plant. This same information also is handy if the family member finds it necessary to communicate with the employee's foreman if the Y-12er is unable to do so himself. **Important If Away From Ridge**

This information is particularly important for families living away from Oak Ridge when a long distance telephone call is required to transmit an emergency message.

The Plant Shift Superintendent's office is the only office in the Y-12 Plant authorized to accept long distance telephone calls from employees or members of their families to report sickness or other reasons for not being able to report to work, or for getting in touch with employees on the job to give an important message.

Anyone calling the Shift Superintendent's office in behalf of or trying to reach a Y-12 employee is urged to give not only the employee's name and initials — but his badge number as well. There are a number of persons in the Y-12 Plant with the same surname and initials, but no one has the same badge number.

That plant telephone number for the Plant Shift Superintendent is 7172 and is reached through the Oak Ridge Special Operator for long distance calls made away from Oak Ridge and through Oak Ridge city phone 5-8611, Union Carbide Nuclear Company, for local calls.

Messages Are Forwarded

The Plant Shift Superintendent's office transmits such messages to the foreman or supervisor of the employee, or to the employee himself if he is working.

In the adjoining column The Bulletin is printing a box with space information that should be available at all times in the homes of Y-12 employees. It is suggested that it be clipped, properly filled out and attached to a page in the telephone directory containing numbers to be called in cases of emergencies.

Continued from Page 2
Oliver Springs.

Quality Control extended its warmest welcome last week to newcomer **Bobbie Carter**. **George Fulmer** found some attractive travel folders from his home town of Rockwood, Tenn., and decided that if it was **THAT** good, he'd spend his vacation there.

Walter Hoose, Material Control, and his wife attended graduation exercises at Warren Wilson College, Swannanoa, N. C., where his cousin graduated. Get-well wishes to **Asa Tarwater**, recuperating from sickness at home.

Receiving and Shipping sends rapid recovery wishes to **R. H. Stooksbury**, recovering from minor surgery at St. Mary's Hospital, Knoxville. **J. R. Rutter** is vacationing at Norris. **Jack Parten** is all smiles since Mrs. Parten is returning from a three-week visit to Canada.

Dot Parks, Plant Records, is vacationing in Florida. Get-well wishes to **Tom Barnhill**, husband of **Pauline Barnhill**. **J. D. Housley** is welcomed to the department. All Y-12ers will miss **Lucille Hatmaker** and wish her well in any future activity after her resignation last week.

L. E. Caldwell, Materials, and family, are touring Florida. **Georgia Rader** is in Morristown for a week of fishing and other fun. **Louise Eubanks** is at home at Concord for a week. **J. R. Bayless** is back from a vacation in Macon, Ga., and **Leon Brown** from a rest at home in Oak Ridge.

Reproduction regrets to see **Bernice Lemons** leave—but household duties are a full-time job. **Ray Williams** again will be working in the department between school years and the gang is glad to have him. **Don McMurray** and family are vacationing at Myrtle Beach, S. C., with some friends from Columbia, S. C. **Janice Jones** is spending a week in Corbin, Ky.

CHEMICAL

Lena Newsome, Chemical Department, went over to Nashville to visit her daughter and new grandson. **E. Franklin** is over in the Tar Heel State of North Carolina visiting. **W. C. Walker** went to Florida.

Richard Bratz, Product Processing, is back from a Florida tour. **Connie O'Neal** flew to Washington, D. C., for a week's vacation. **Ward E. Wampler** and family are to attend a family reunion at Kentucky State Park. **George R. Jasny** is supervising the remodeling of his Oak Ridge home.

ALLOY

C. K. Valentine, Beta Two, toured North Carolina while vacationing. **Johnson Hagood** visited his home in Safety Harbor, Fla. **George McMahon** is back from seeing kin folks in Ohio. **Harley Johnson** really got around—Illinois, Kentucky, Arkansas and Tennessee. **Buford Rea** welcomed a baby daughter to top the vacation. **Bill Butturini** week ended in Atlanta and **Al Hinton** did likewise in Greensboro, N. C.

Alpha Five welcomes co-op student **Harold Fell** back and sends best wishes with **Ray Tiller** back to University of Tennessee and **Bobby Joe White** to the U. of T. branch at Martin, Tenn. **E. S. Jackson** is vacationing at home entertaining relatives from out of town. **O. J. Howard** is planning to spend a few days in the Smokies and also to work on his home. **Darden Holt** went to Nashville.

E. E. Bell, Alpha Four, is sightseeing around Gulfport, Miss. **Don Vanover** is staying at home in Oak Ridge entertaining kin folks. **T. E. Reed** spent a couple of days visiting family and friends at Sylvia, N. C. **R. R. Duff** is entertaining his nephew at Lenoir City—the visitor coming from an Air Force Base in Florida. **Hugh Breazeale** picked Dayton,

Y-12er **H. N. BENNINGHOFF** REPRESENTED Union Carbide Nuclear Company at a Federal Civil Defense Administration meeting in Battle Creek, Michigan, attended by representatives of industry and armed forces. He is in the center of the picture above, right behind the sign.

Ohio, for his vacation. **A. W. Sharp** worked on his home in La-Follette. The department bids farewell to **Ed Dickey** and **Tom Brown**, going back to school; and welcomes back **Joe "Davy" Crockett** from Auburn and greets **Joe Lundy** from University of Tennessee for the first time. Condolences are extended **Glen Balley**, whose grandfather died recently. Get-well wishes to the father of **L. A. Toliver**, with whom the Y-12er is spending a vacation.

TECHNICAL

Production Assay B Shift reports **Mattie Anderson** vacationing in Virginia. **Charles Settles** is welcomed to C Shift. D Shift does likewise to **John T. Hall**.

Doris Campbell, Laboratory Operations, and husband, **Leo**, are honeymooning in Florida and Cuba. **Anne Wenzler** is beaming with pride—her daughter, **Jo Anne**, graduated from Oak Ridge High School and already is a working girl at the Anderson County Court Clerk's office.

Special Testing has **E. T. Creech** and family deep sea fishing off St. Petersburg, Fla. **B. M. Rutherford** is at home getting acquainted with his new baby daughter.

Jack Brogan, Production Analysis, is spending a week in New York. **Elva Combs** is in Nashville for the same time. **Mary Stinnett** is back from a visit to Alabama.

It's now "Uncle" **Harvey Hankins**, Special Projects, as of May 4.

C. M. "Happy" West is vacationing at home in Cedar Bluff, Ala., and points in Georgia. **Eleanor Bennett** is back with a golden tan from Myrtle Beach. **B. F. Rutherford** is the Proud Pop of a seven and one-half pound boy. The Criticality Control Group reports **W. T. Mee** taking it easy at home in Rockwood this week.

Esther Moody, Project Engineering, is vacationing with her twin sister, **Ethel**, down Chattanooga way and all warnings are up to the 'Noogans that they ain't seein' double when those gals straighten out the bends in Moccasin Bend. **George Lockhart** and Mrs. L. spent some time with home folks in North Carolina. A warm welcome is extended newcomers **Mary Wayne Strickland** and **Gary J. Belton**—glad to have them aboard.

Piping and Civil Engineering is just lurking around waiting for **Byron North** and his wife, **Gewn**, Security, to yell "Come and get it" at a housewarming. The same goes for **D. K. Grizzell**, who with her son and daughter moved into a new Woodland section home in Oak Ridge. **Irv Speas** golfed in North Carolina last week. The department is mighty glad to have newcomers **P. J. Preston**, **George Reece**, **Jerry Houser** and **Bob Harris** around the premises.

W. T. Jones, Industrial Engineering, stuck at home in Sweetwater last week where there's lots of nothing to do—man, that's the life.

The **R. L. Browns**, Electrical Engineering, took the kids to St. Augustine, Fla., for a week of sightseeing, fishing and beachcombing. The fish in Kentucky Lake drew **R. E. Hill** and his wife—the latter reported the real angler of the family. **Tom Bishop** is busy, busy, busy enlarging his home at Powell. A warm handshake is extended to **James**

AIN'T SHE CUTE? The tot above is Angela Beth Justus, daughter of A. D. Justus, of Research Services, and his wife, Barbara, a former Y-12er.

R. E. Cornwell Is Appointed Development Firm President

R. E. Cornwell has been appointed President of Union Carbide Development Company, Division of Union Carbide Corporation, according to Morse G. Dial, President of the Corporation.

Cornwell started with Union Carbide in 1923 and has held key engineering positions with both Linde Company and Union Carbide Chemicals Company, both UCC Divisions. For the past 20 years his work has been concerned principally with the development of various welding processes. He has made many trips abroad for Linde and Chemicals to observe European practices in fields of these two Divisions. In 1942 he became Vice-President of Linde Company and, in 1956, Vice-President of the newly formed Union Carbide Development Company.

Cornwell was born in Westfield, Ill. He received the degree of B.S. in mechanical engineering from the University of Illinois in 1923.

E. Gary (Walt's boy) and to co-op **Ralph B. Alsbaugh**.

Phil Shelley, Mechanical Engineering, has returned for his last stretch of co-oping before receiving his sheepskin in mechanical engineering and **Jack Blackerby** has gone back to The Hill (U. of T.) for another quarter. **Clara Hickey** spent a quiet week in Kingston. **Frank Fuis** is back from a trip to Missouri from where he brought his mother for a visit to Tennessee. A warm greeting was extended another newcomer, **E. C. Smith**.

The Fundamental Studies Group of Development Operations rolled out the welcome mat for **Fred W. Postma, Jr.**, from Bay Minette, Ala. **Curtis D. Robinson** got a similar greeting from Metallurgical Development. **J. G. Smith**, SD Chemical Development, vacationed in Nebraska and **Henry Heidt** and family are in Florida. **Al Smith** stayed at home in Oak Ridge with his family last week. **Bill Burns** is all smiles over the arrival of another granddaughter.

Luther Seals is back at Process Engineering after his Texas vacation. **Bill Griffith** is out in Missouri this week. **Nora Moss** is house cleaning. **Max Kirtland**, a student-employee for the summer, is welcomed to the group. Congratulations to **Miss Seba Sutliff** and **Norman Parish**, a UT senior, who said their "I Do's" June 8.
